NON-DROWSY

Directions for Use: For oral use only. Shake bottle before use. Adults, the elderly and children over 12 years: Two 5ml spoonfuls three times a day and at bedtime, if the cough is troublesome. Do not use for more than one week. DO NOT EXCEED THE STATED DOSE. If exceeded consult your doctor immediately. If difficulty breathing, fever or blood in your saliva occurs, or if breathing, fever or blood in your saliva occurs, or if oto and the original state one week, consult your doctor or qualified healthcare practitioner.

Before taking this medicine:

Before taking this medicine: Do not use this medicine: • if you are allergic to any of the ingredients or to menthol. • if you are under 12 years of age • if you are pregnant or breast feeding • if you are taking any medicines known to interact with alcohol (e.g. metronidazole) Contains alcohol and therefore may impair ability to drive or operate machines. If affected do not drive or use machines.

Important information about some ingredients: This medicine contains: 3.6 g successe, 2.6 g glucose and 2.6 g fructose in each dose (10 m). This should be taken into account in patients with diabetes mellitus. If your doctor has told you that you (or your child) have an intolerance to some sugars or if you have been diagnosed with heraditary fructose intolerance (HFI), a rare genetic disorder in which a person cannot break down fructose, talk to your doctor before you (or your child) take or receive this medicine. It may also be
