1.What Kalms Lavender One-A-Day Capsules is and what it is used for

Kalms Lavender One-A-Day Capsules is a traditional herbal medicinal product used for the temporary relief of the symptoms of mild anxiety such as stress and nervousness, based on traditional use only.

2. Before you take Kalms Lavender One-A-Day Capsules

Do not take Kalms Lavender One-A-Day Capsules if you:

- are under 18 years of age
- are pregnant or breastfeeding
- are allergic to lavender oil or any of the other ingredients (see section 6)
- are taking any other medicines for sleep or anxiety or that make you feel sleepy.
- have or ever had liver problems.

Suffering from depression?

This product is intended for the relief of symptoms of mild anxiety such as stress and nervousness.

If you have signs and symptoms of depression such as persistent low mood you should seek medical advice for appropriate treatment.

Important information about the ingredients

This medicine contains approx. 12mg sorbitol in each soft capsule.

Driving and using machines

This product may impair your ability to drive or use machines.If affected, do not drive or use machines.

Taking other medicines

Tell your doctor before starting to take this product if you are taking any other medicines including any bought without a prescription.

You must consult your doctor or qualified healthcare practitioner if symptoms worsen, or do not improve after 2 weeks.

3. How to take Kalms Lavender One-A-Day Capsules

Adults and the elderly

For oral use only. Take one capsule daily. Swallow the capsule whole with a full glass of water or other liquid. Do not chew the capsules. This product is not recommended for use in children or adolescents under 18 years of age. Do not take more than the label/leaflet tells you to

If you take too much of this product (overdose)

If you take more than the recommended dose, speak to a doctor, pharmacist or qualified healthcare practitioner and take this leaflet with you.

If you forget to take this product

Continue to take your usual dose at the usual time. It does not matter if you have missed a dose.

If you have any questions, or are unsure about anything, please ask your doctor, pharmacist or qualified healthcare practitioner.

4. Possible Side Effects

Like all medicines, Kalms Lavender One-A-Day Capsules can cause side effects, although not everybody gets them. Common side effects (affecting 1 to 10 out of 100 people treated)

- Belching or burping.
Frequency not known (cannot be estimated from the available data):
- Allergic reactions such as itching, skin rashes or hives.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or qualified healthcare practitioner. This includes any possible side effects not listed in the package leaflet. You can also report side effects directly via the Yellow Card Scheme at:

www.mhra.gov.uk/yellowcard or search for MHRA Yellow Card in the Google Play or Apple App Store.

By reporting side effects you can help provide more information on the safety of this medicine.
