Blistex relief cream

Experts on Lips - Blistex Relief Cream has a soothing and protective formula to relieve cracked, chapped and sore lips leaving them feeling soft again. It also helps relieve the discomfort of occasional cold sores on the lips.

Directions for use: If your lips are cracked and chapped, apply every hour. Your lips are more sensitive during extreme weather conditions, so you may need a little more care than normal. For cold sores - when first symptoms arise, gently apply every hour to rapidly relieve any discomfort.

Possible side effects - Blistex may cause irritation or swelling of the lips, or an allergic reaction such as skin rash, redness or itching. Consult your doctor if you suffer from recurrent cold sores or if you have any other unwanted effects. You can also report side effects directly via the yellow card scheme at www.mhra.gov.uk/yellowcard.

Storage: Do not store above 25°C. Do not use after expiry date shown on the tube and carton. Use this medicine only on your skin. **Keep all medicines out of the sight and reach of children.**

Ingredients: Do not use if you are sensitive to any of the ingredients listed below. Active ingredients w/w: Aromatic Ammonia Solution 6.04%, Strong Ammonia Solution 0.10%, Liquefied Phenol 0.494%. Also contains: White Soft Paraffin, Modified Lanolin, Sorbitan Palmitate, Polysorbate 40, Peppermint Oil, Sodium Saccharin, Ethanol 96%, Racemic Camphor, Cineole, Purified Water.

This cream also contains Lanolin which may cause local skin reactions, (e.g. contact dermatitis). This pack provides important information, please keep for future reference.
